

## **Public Statement from Stella's Voice**

The Board of Directors of Stella's Voice was recently made aware of allegations of misconduct against the Ministry's founder and President, Rev. Philip Cameron. After learning of these allegations, the Board initiated an internal investigation and contacted the appropriate authorities, and provided them with this information. Rev. Cameron was initially suspended from all corporate and operational responsibilities and placed on paid administrative leave pending the outcome of the Ministry's internal investigation and the completion of the investigation by state authorities here in Alabama. Rev. Cameron's employment with the Ministry has now been terminated.

Our primary goal is the continued work Stella's Voice is doing in Moldova, and our focus will always be on the welfare of the individuals we minister to in that country. As a result, the Board of Director's would ask you to pray for all concerned and for wisdom and guidance as it works to fulfill its duties and obligations.

Brian Paterson  
Chief Operating Officer
