### Notes to the financial statements

#### Disclosure of additional information to article 2:395a DCC

##### Disclosure of going concern

Due to the size of the equity as per end Trading House 2000 B.V. and the result over 2020 there is an uncertain element of material importance based on which there could be reasonable doubt about the continuity of the activities of Trading House 2000 B.V. as a whole. We expect that in the next few financial years a higher turn-over will be realised, while the costs will be decreased. The accounting principles applied to the valuation of assets and liabilities and the determination of results in these financial statements are based on the assumption of continuity of the corporation.
